

# SANSKAR INTERNATIONAL SCHOOL

## ANNUAL REPORT 2025-26

---

**1. Orientation and Foundation Building:** As a regular practice followed every year, the academic session commenced with a comprehensive Orientation Programme for the parents of students from classes NC (Nursery/Pre-Primary) to 12th. The sessions were tailored to different age groups—focusing on foundational learning and positive parenting for the primary wings, and emphasizing career counseling, board examination strategies, and academic rigor for the senior secondary classes. A query-resolving session led by a child psychologist further illuminated the path of positive parenting and adolescent management.

**2. Advancements in Digital Infrastructure:** Having firmly established a digitized ecosystem, the school continues to leverage technology to benefit parents, teachers, and students. Our upgraded communication portal ensures parents have direct, real-time access to Class Teachers for regular updates. The seamless integration of daily homework uploads, attendance tracking, and resource sharing on the online portal keeps parents apprised of classroom activities, bridging the gap between school and home.

**3. Academic Excellence and Examination Systems:** Catering to a wide spectrum of students up to the 12th standard, our examination and evaluation procedures have been further refined. We have successfully implemented a robust Computer-Generated Report Card system across all classes, minimizing manual effort and providing detailed, analytical performance insights. For classes 10th and 12th, specialized preliminary exams and remedial classes were integrated into the routine to ensure outstanding board results.

**4. Teacher Empowerment and Capacity Building:** With the sole purpose of keeping our educators aligned with the latest pedagogical shifts, the school hosted an extensive series of **Teachers' In-house Trainings** throughout the academic session. Taking a significant step forward in educational leadership, our school campus proudly served as the host venue for prestigious **CBSE COE (Centre of Excellence) training programmes**. These rigorous capacity-building sessions covered vital areas such as Moral Values, Life Skills, Stress Management, and subject-specific advancements in English, Mathematics, and the Sciences. Additionally, our teachers participated in specialized workshops on Nurturing Early Childhood and Adolescence Management, continually widening their sphere of wisdom to impart the best to our students.

**5. Co-Curricular Triumphs and Competitions:** To take part is what counts in competition, and lessons of victory and defeat are what we get in return. This competitive environment was fostered through various inter-house, inter-class, and inter-school events such as Debates, Vad-Vivaad Pratiyogita, Quizzes, Declamation, Creative Writing, Spelling Bee, and Drawing competitions. Our

students across all wings brought laudable laurels to the school, securing top positions in Zonal Science Seminars, State-level Debates, Classical Dance competitions, and regional Sports Tournaments.

**6. Student Leadership and Democracy:** Continuing our tradition of instilling democratic values, the Student Council Elections were held using a fully Computerized Voting System. This provided our students—especially the senior cohorts—a practical taste of democracy and leadership. The elected members had their badges pinned during a grand Investiture Ceremony, which was celebrated alongside Independence Day and Van Mahotsav, promoting both patriotism and environmental consciousness.

**7. Teacher's Day Celebration:** Teacher's Day took a spectacular turn this year as the educators came together to take the celebration to a whole new level through their astounding performances, strengthening the bond between the staff and students.

**8. Educational Excursions and Experiential Learning:** Moving beyond the four walls of the classroom, experiential learning was a major focus this session. We organized a highly enriching educational trip to the monumental Ruins of Nalanda University for our students. The merits of this excursion were profound; walking through the corridors of one of the world's most ancient and revered centers of learning ignited a deep appreciation for our rich historical and cultural heritage. It successfully bridged the gap between theoretical history and tangible reality, fostering a spirit of curiosity, historical inquiry, and collaborative peer learning among the students.

**9. Annual Day - SRIJAN:** The end of January 2026 witnessed a magnanimous evening where the school celebrated its Annual Day Programme, *SRIJAN*. Spanning performances from the tiny tots of NC to the senior students of class 12, the event gave every student an amazing opportunity to showcase their artistic and cultural potential on a grand stage.

**10. Innovation and Exhibitions:** To outlet the steam of caliber of our students in the fields of Science, IT, Art, and Social Science, the annual exhibition *Kaleidoscope* was organized in February 2026. The working models and research presentations, particularly from our senior secondary science and commerce streams, were highly appreciated by visiting dignitaries.

**11. Harmony, Gratitude, and the Way Forward:** Promoting harmony across all communities, Special Assemblies are conducted on a regular basis where all festivals, irrespective of religion, are fondly celebrated.

Towards the end, I thank the supportive management whose continuous backing of our ideology of education has enabled the school to come this far. The teachers and the entire staff deserve applause for their tireless efforts in implementing the route map of imparting quality education from the foundational years through to the 12th grade. I also extend my heartfelt thanks to the parents of our students who have shown unflinching faith in us by giving us the profound opportunity to transform their children into truly useful citizens of the future world.

With that, let us foresee a world of universal singularity where our children are going to be the propellant of this change, and the world shall be a beautiful place to live in!

**Thank you very much !!!!**
